MOHAWK-HUDSON REGION MEETINGS

Regular meetings are held on the first Wednesday of each month at the Circle Inn, south of Route #7 intersection on US #9, Latham, N.Y. Information regarding the Region and its activities can be obtained from any of the club officers.

SCCA MEMBERSHIP

Membership in the SCCA is open to all persons of good character who are sympathetic to the purpose of SCCA. The procedure for joining is as follows:

1. Obtain an official application form from any of the club officers.
2. Fill in the blanks and present it to the club officers with remittance for one year's National dues, \$10 in addition to \$3.50 for Sports Car Magazine and one year's Regional dues, \$3.50 - Total dues, \$17.00

"WHEN IN ROME....."

by Mickey LeVan

The circular read "INSTANT SPIN AUTOCROSS", Griffiss Air Force Base, Rome, New York, Sunday, November 17, 1963. That is all the encouragement we needed, since we are familiar with the high speed, no gimmick type of event, that this Griffiss Air Force Base Sports Car Club organizes.

Connie and I towed the Spitfire with the Volvo a leisurely seventy-five (Who's afraid of missing registration?) all the way to Rome. The final registration was something over fifty cars - and still plenty of room for late entrants. The course was long and easy (Naturally, I had to go off course despite this.), and high speeds were the order of the day. Actually, this event is best described as a large counter clockwise circle with an extra crisscross in the middle of it. Each contestant was allowed one run, but the course was a three lap test. Fast enough for four-wheel drifts, and occasional spins as the name implied.

Dave and Ann Quickenton (Quackenbush?) appeared and it seemed that Mr. Q. might have FTD in his grasp. However, his gearbox decided differently and made FUNNY (EXPENSIVE) noises. Frudently, Dave retired and switched mounts to the world's slowest Spitfire. He exclaimed later, "Gee, those swing axle cars sure handle squirrely." Amen Brother!

Mrs. Q. also entered the Yellow Peril and placed likewise in the better times for gals. At this point, Connie (Fangio) LeVan sizzled the best time for women in the Spitfire. Then to oblige the girls who wanted to fill out a class for women, (Engine over driving wheels cars) she drove a GT 850 SAAB in another women's class - for a second no less, beating three other SAAB drivers. (Who is proud?) At this point, the Spitfire (said Tom Triumphantly) began to get tired and the best your reporter could manage was a tie for second.

A fellow student at this year's Glen InEC driver's school, Bob Henderson, set FTD with

his Mini Cooper. After this we had to put a muzzle on the old Spitfire as it really wanted to attack the Cooper.

We had a really wonderful day. The Griffiss folks extended wonderful hospitality and really had a smoothly run Autocross. Connie and I hope to be back for their January event.

\*\*\*\*\*

MINUTES -- BOARD OF DIRECTORS MEETING -- NOVEMBER 13, 1963 -- CIRCLE INN

Membership Committee agenda discussed.

At this meeting, the present officers suggested a boost in entry fees for Club events.

A tentative calendar of events for 1964 was discussed:

- Ice Gymkhana
- Hare & Hounds Rally
- Driver's Clinic
- Top O' The World
- Friendship Car-Khanana
- TSD Rally
- Shopping Center
- High Speed Gymkhana
- Whiteface Mountain

After long discussion, it was agreed by all present that the social part of our events should be stressed for 1964.

Due to work conflicts, Sharon Leonard has decided that the Knock-Off will have to be done by others.

Also discussed was the possibility of Address-o-graph Plates and using Concord Lumber Company's machine as the approximate cost per plate is \$.10.

COMMENTS FROM A COLD RALLYEMASTER.....

BY

Dolores Granito

Due to national happenings, the planned November 22, Cross Clue Rallye was held on December 1, a very cold day.

Some facts about the rallye are:

1. This was my first time as rallyemaster, a job I really enjoyed.
2. This was also the first time Phil Groggins, SCCA competition driver champion, has ever rallied.
3. This was the first time a motorcycle ever entered one of SCCA's events.
4. This rallye had close to 100 observers who reported e v e r y t h i n g to the rallyemaster.
5. Eleven of the nineteen entrants would be classified in novice class, having been in less than 3 rallyes before this one.

Now for the details. Eighteen pairs of hardy people and two more even hardier (the motorcyclists) turned up to enter the Cross Clue Rallye. Tech inspection was handled very ably by Gene Birdsey. Cars lined up and first car was off at 1:10.

General instructions told everyone to turn left at every traffic light or caution light. Quite a few navigators couldn't believe I really meant that statement, but I did - as they later found out down near Coxsackie. Anyway, most of the rallye took place in the Ravena-Coeymans-Selkirk School District Area, where I am a math teacher. Therefore I was able to clue in over 100 students about my rallye and ask them to observe and to report to me on Monday. The things they told me on Monday about the 18 cars! !. ! (They had missed the motorcycle in their watching. They didn't spot the number 13 taped to the side of the driver's helmet) I won't repeat all the comments but here were some:

"I watched car #... with my field classes go by a check point without stopping."

"I watched car ... come within 100 yards of checkpoint 2 and 3 and turn around and go back the other way."

"Car numbers .... and .... stopped at my house (Star Poultry Farm) and asked all about D. Hammond and also to help them with their puzzle."

"Car numbers ..., ..., ..., ..., and 22., all backed up near my farm -- some for quite a distance."

COMMENTS FROM A COLD RALLYEMASTER.... (Cont'd.)

"Car number ... stopped at our gas station (South of Ravena) asking about Flat bush Road."

"Car #... asked my neighbors where the LOWE'S lived." (Fooled you--- that was Lowe Brothers Paint).

"I saw car #... back up from a Y in the road almost to the intersection of 9W in Coxsackie."

"The person from car #.... who climbed to the top of our hill (Robert's Hill Road) was fun to watch, but not as funny as car#... which kept sitting at the corner."

"I saw car numbers ..., ..., ..., ..., and ..., waiting at the corner of Rte. 396 trying to decide which way to go."

"How come that car #... backed into your checkpoint, Mrs. Granito?"

And on and on and on.....

There were six checkpoints. Number 1 was used to determine the odometer errors. Number 2 and 3 were on Star Road near Tracy Road. Number 4 was located straight at the Roberts Hill Road intersection (No, that wasn't a driveway but it sure looked like one.) Number 5 was on Flatbush Road and the last, which some never found, was on the old 9W Highway between Beckers Corners and the Railroad bridge. (Just north of Lickes Lumber)

For those on the rallye who got lost, here's where the confirmations were:

Willowbrook is the right of South Albany Road.

F. H. Slingerlands lives in a red house on the left at Blodgett Hill Road.

The red oil tank was on the left side of the first house on the right to the right of Blodgett Hill Road.

D. Hammond was the name on the middle mailbox after you turned right into Star Road again.

Lowe - Lowe Brothers Paint sign after you turned left.

The hidden checkpoint was straight ahead.

Strout Realty sign was found if you turned to the left.

The silver globe was on a lawn if you went straight at the stop sign. Anyway - Alteri's serves good food and it was warm after the ride.

COMMENTS FROM A COLD RALLYEMASTER..... (Cont'd)

P.S. I think something should be done about some concrete rallye rules. The opinion of some on the rallye was that if somethink was not specifically listed as illegal, such as backing up, getting out of car, etc., then it was alright to do it. Others seem to feel that any of these things are cheating. I sincerely believe that unsportsmanlike conduct should be spelled out to the letter before we have any more rallyes. The person who backs up and who is competing against the drivers who feel this is cheating will certainly come up with better mileage. This doesn't seem fair !!! Since we are getting new people entering rallyes we should be setting some kind of example for them. I've been told by many that there used to be a list of rallye rules but nobody seems to know what happened to them. For those rallyists who enjoy the above mentioned actions, we suggest a N-R rallye. N. R. stands for no rules. Anything goes but have many observers. If you get caught backing up, speeding, not stopping at a stop sign, leaving your car, asking others for help, etc., a huge penalty would be imposed. Next year's rallyemasters might keep this in mind.

At last you can own a genuine American GT car SPRINT stripes, padded top, stone guard, steering wheel and dual pipes set your SPRINT apart

## Make your Monza into a SPRINT or have Bob Bailey do it for you

The July '62 *Car & Driver* described John Fitch's Corvair Monza SPRINT as "a racing driver's private transport... a genuine *gran turismo* car." Now you can convert your Monza to the same specifications with the very same components engineered by John

Fitch. Or he will arrange to deliver one to your exact specifications.

**The SPRINT is an amazing transformation.** It will go zero to 60 in 12 seconds, top 110 mph, yet it is completely docile in traffic (wives love it). The suspension and steering improvements "must be experienced to be believed" according to experts. Your SPRINT will generate a full .7 G in a corner with complete stability. Basic good styling and SPRINT additions result in a strikingly distinctive GT look.

"Spacious, fast, practical and luxurious." "Every inch a sporting car" (Harvey Janes). "...a luxuriously equipped, rugged, high speed car. A real American GT car. Nothing fussy or temperamental, a joy to own and drive." (Art Kelley) "...every part that wears or requires maintenance is a stock GM part..." (*Road & Track*) "normal stock car service and maintenance." (*Cars*) You can install SPRINT components on your Monza, have your dealer do it, or order a complete new SPRINT. Select from the following.

**SPRINT four carburetor engine kit:** delivers a muscular 145 hp. Smooth, eco-

Balanced power. Spare still fits in back!

nomical, and practical (normal chokes), with POWER when you need it. Carburetors, linkage, air-cleaners and detailed instructions anyone can follow using ordinary hand tools (use dual mufflers below) complete \$92.50

**4-Carburetor Adapter Kit** only, without extra carbs or air cleaners \$32.50

**2 Extra Carburetors**, in factory sealed cartons \$42.00

**4-Carburetor Air Cleaners**, with filtering elements (4 units) \$18.00

**Tuned Dual Muffler System**, not loud but deep-toned. 20 minute installation. \$44.95

**SPRINT Stage I Engine Kit**, intake and exhaust relief produces a free-revving 120 hp on 2-carburetor engine. Zero to 60 in under 14 seconds. Includes tuned dual mufflers, jets, efficient filter elements, and special tuning instructions. Alternate to 4-carb engine. One hour job! \$53.50

**SPRINT Suspension Kit:** The best thing you can do to any Corvair. Rock steady cornering, no pitch, no wandering, even in a crosswind. Includes new rear springs and SPRINT calibrated shocks. Easy installation \$44.95

**SPRINT Fast Ratio Steering.** A GT essential for safe, precise response. No increase in turning circle \$39.95

**SPRINT Tachometer:** Transistorized, self contained and illuminated. No lag or waver. Mounts under cowl \$44.95

**SPRINT Steering Wheel:** Mahogany and aluminum, full inch thick rim for a real grip. With SPRINT centerpiece \$60.00

**SPRINT Stone Guard:** Full width. Stops paint chipping, broken headlights. Heavy chrome mesh, stainless steel hinged. Clamps to bumper \$49.95

**Short Throw Gearshift:** Positive, fast shifting in the best GT manner. Also for 3-speeds, 20-minute installation \$9.95

**SPRINT Long Range Driving Light:** \$8.95

Create an original GT to your specifications from our many unique items: Steering Damper, Tall man's Seat Bracket, Luggage area carpeting, wood or leather (vinyl) Dash Panels, Spyder dash, SPRINT Padded Top, etc. Send for catalog.

**COMPLETE SPRINTS** with 4-speed trans, 3.55 axle, hi-rev cam, 9/1 cr, etc. as follows: (Delivered anywhere in the U.S.)

**Monza SPRINT Mk III** with Stage I engine, suspension, fast steering, and short throw gearshift, all installed \$2577

**Monza SPRINT Mk IV** with 4-carb engine, all above, plus SPRINT Tach, Wood-Rim Wheel, Stone Guard, Driving Light, Striping, Carpeting, Assist Rail and Indicators, incl. Padded Dash, Seat Belts, w/s Washer and other factory extras. \$2993

**Mk I and II** based on 500, 700 series with Mk III SPRINT equip. from \$2297

**HOW TO ORDER** — Immediate delivery on all components. Let my Fitch-trained experts install the Sprint components on your Corvair, or do it yourself. It's that simple. Why not stop by and discuss your requirements with me?

**SPRINT** *Fitch*

# THE SAFE EASY WAY

The Thruway is NOT the place to stage a...

- Rallye
- Gymkhana
- Driver's School
- Treasure Hunt

or that crazy Hare-and-Hounds bit...

...But it's a safe and pleasant route to all of them.

NEW YORK STATE THRUWAY AUTHORITY

R. Burdell Bixby, Chairman

P. O. Box 189

Albany 1, New York

MAC'S MUSINGS

Point Standings are out. If point standings are out, what's in. Anyway, elsewhere in this issue are M-H Regions top ten and also the year's standings for all members.

Congratulations to all and especially to Dolores Granito in First Place, the "Winnah and 1963 Champeeeeen." Same to runners up Hanns Flebbe and Gene Birdsey who tied for second. In third place, the up and coming Ed Hopkins.

Under the heading of miscellaneous information, I thought you might be interested in knowing how our members attended meetings. These figures, of course, do not include any guests or unsuspecting folk who wandered into the Circle Inn on the first Wednesday of each month.

Jan. 38	July 33
Feb. 39	Aug. 23
Mar. 36	Sept. 34
Apr. 41	Oct. 39
May 30	Nov. 32
June 34	Dec. 34

Considering we usually have between 80 and 100 members listed, this is a pretty good attendance. Next year we will have more out to meetings!

Attendance at events held during the year of 1963, I think, are interesting to study. They are as follows:

2/10/63	Ice Gymkhana	63 Cars
3/31/63	Hare & Hounds R.	35 Cars
6/8/63	Top O' The World	8 Cars
6/9/63	" " Gymkhana	35 Cars
8/4/63	Gimmick Gymkhana	27 Cars
9/15/63	TSD Rally	21 Cars
10/27/63	Shopping Ctr. Gym.	71 Cars
12/1/63	Fun Rally	19 Cars

Gymkhanas are large. Rallies not quite so large.

This past year, Irma and I literally held the flag for dear old Mohawk-Hudson, but, the flags belonged to our good friends to the

east and south. Namely, the New England and New York Regions. Our thanks to Bob Gregory and Lee Baker and their fine organizations for being so tolerant, and besides it's F U N! Come all ye M-H members and join in on Flag and Communications. 'Tis the season - 1964.

At the Glen, Irma and Diane McClumpha held forth at Tech. Inspection - aiding and abetting all the drivers. Wait a minute, that somehow doesn't sound right. Well, you know what I mean. - Scrutineer Dave McC. scrutineered.

Nestled in the Kendall Tower, out of the sun or out of the wind and cold, depending on the time of year, could be found such Timers and Scorers as Blanche and Courtney Wright, Bob and Wanda Peterson, and Gladys Gaul. Guess what they were doing. Right. Timing and Scoring.

Out on the track, Ray Gaul, veteran sports car driver and R. E., assisted the student drivers. The by line this particular weekend - "I'll learn 'em sumptin' or this ain't INEC."

At Lime Rock, Thompson, and the Glen were seen such indomitable competitors as Mickey, if I can't go round 'em, go thru 'em, LeVan; Ray -Morris-Garages-Healey-Silverstone-Gaul; Philip J.P. Groggins; Bill, the Spritely one, Turner; Bill, the Jersey Flash, Leufkens; Clark, the rapid one, Fegraus; Barney, the Schusser Galinsky; Gene F. for Fairthorpe, Birdsey; and Bruce, the block buster, Cargill.

Best wishes for the new year!

Mac

# VOLKSWAGEN SERVICE MAKES MORE SENSE, TOO!

One of the pleasures of owning a Volkswagen is the service you get—starting with a free service coupon book.

You get two free inspections—by expert VW mechanics whose skills are honed by annual post-graduate factory-supervised seminars.

Like all authorized VW dealers in all 50 states, we have a full stock of Genuine VW spare parts. We can even install a factory-rebuilt engine in 90 minutes! Our service charges are low and completely itemized.

# IMPORTED CAR TIRES

Dunlop tires are specified as original equipment by the manufacturers of 67 leading makes of imported cars. These manufacturers rely heavily on Dunlop's know-how in designing and building tires to match the performance profile of specific car models. Much of Dunlop's tire know-how has been gained building the tires that have carried a long list of World Championship Grand Prix drivers to victory in races throughout the world. Remember these facts when tire replacement time comes around for you.

## DUNLOP ROAD SPEED RS-5

**THE TIRE BUILT FOR  
SUSTAINED SPEEDS  
WELL IN EXCESS  
OF 100 MPH**

The Roadspeed RS-5 Nylon, latest in the Dunlop imported tire line, is the best tire in its field for road holding, braking and transmitting traction. Its superior performance is due to three radically new Dunlop developments: A new undercut "safety shoulder" lets the tire ride up and over ridges without a quiver (even traffic marker lines can be a hazard at high speeds); thousands of traction slits give the tire outstanding resistance to skidding; and a special new tread compound offers an extremely high coefficient of friction.
