## REport

### Officer Elections

It's that time of the year again when we have the right and obligation to pick who will lead us for the next year. As of this writing there are a few "volunteers" who have stepped forward at the request of the nominating committee to run for a position. Over the past couple of years, at least, there has been only one person nominated for each position which indicated a kind of laissez faire attitude of most of the Region. The same, I'm afraid, will be true of this year.

I think back on how I became involved in the Region's leadership and it wasn't any really big deal. I said yes to the nominating committee and the rest is history as they say. Since then it seems that most of the positions have been filled with people personally "asked" to serve and not by outright volunteers. Our Region has grown about 50 members since I became RE (I'm sure that is coincidental) and to my recollection none of them have become part of leadership. This is most seriously felt in the Solo II program where we still struggle to have more than one person obligated to run the show. If that person has a life outside of SCCA then occasionally, when something occurs to divert his or her attention from Solo II, there is no backup or shared responsibility to get anything done. Enough of this rambling but I hope this situation is fixed in the near future by "volunteers" from the Solo community.

Please fill out the ballot that should appear elsewhere in this issue. You might also indicate a willingness to

become more involved. The rest of the Region would appreciate it very much.

### NEDIV Convention

This upcoming weekend is the fall convention to be held in Baltimore. I know of three or four from our Region attending. There will be the NESCCA season awards banquet on Saturday night with a notable guest speaker. I'll fill you in on what happened in next months *KnockOff*. The other item of interest will be the initial scheduling meeting for '96. This is shaping up to be a very contentious affair. Last year the Council voted to replace the closing Bridgehampton National race with an eighth event (a second one) at Lime Rock). When I received a copy of the preliminary schedule from Donna McDonough there were ten (10) listed!! While this number is on the high end of the consensus number of events (8 - 10) thought to comprise an "ideal" schedule. There are numerous date conflicts as well as another event at the Bridge. This is, I'm afraid, another low attendance marginal competitive event like Mosport.

As you may have heard, the Bridge is apparently not dead. The community is trying to decide the issue between racing and golf with racing still holding in there, at least for another year. The Steel Cities Region is promoting a new track, Connellsville, in western PA, as a new National site. This coupled with the prospect of a couple of new venues under discussion will certainly make things interesting.

### Other Items of Interest

The Annual banquet is scheduled for Saturday night, January 20, 1996 at the former Italian American Club on Western Ave. Ext. We need nominations for all of the various worker and driver wards so put thinking caps on. More info in an upcoming issue.

MoHud is putting the NEDIV Roundtable, March 15-17, 1996 in Saratoga Springs at the Sheraton downtown. Jack Hanifan is the event chair and will need a bunch of people to help out. Give him a call.

Greg Rickes has taken over, as of this issue, for Rich Welty as the *KnockOff* editor. I'd like to thank Rich for all of his efforts on the Region's behalf. I'd also like to thank Greg for stepping up to take on the job, which he has done before (see paragraph three above). All of your articles, ads and comments should be directed to Greg whose address is on the masthead.

All for now

### My Last Editorial

Well here I am ,again, your RE-cycled Knock-Off editor. Last time I was on the masthead in this slot was 1972-74.

While its flattering to be asked back a second time , what would be even more beneficial to the region's future would be some fresh talent. If you'd like to get into the mainstream of the SCCA the newsletter offers some unique opportunities. I'd be glad to take on an understudy or two interested in learning the ropes -- its not a lot of work, but there is enough to go around in trying to meet a regular monthly schedule. Give me a call if you've got an unfulfilled desire to join the lucrative world of automotive journalism.

The K-O will give up some of the professional flair which Rich Welty was able to present; instead of sophisticated but time-consuming desktop publishing software I'll be using only a simple word processor. We will strive to keep the publication timely and informative.
